ABOUT ME

As a results-driven Operations Team Leader, I bring over four years of experience specializing in e-commerce operations and administration. My proven expertise lies in process optimization, team leadership, KPI monitoring, and vendor management. I excel at boosting operational efficiency, swiftly resolving technical issues, and consistently delivering high-quality results. With a talent for training large teams, I ensure compliance and am committed to enhancing the customer experience. My strong administrative background is complemented by extensive experience in client relations, data management, and office coordination, making me a versatile asset to any operation.

WORK EXPERIENCE

OPERATIONS TEAM LEADER
NOON.COM | DUBAI, UAE
AUG 2021 - PRESENT

- Process Improvement: Streamlined operations, achieving a 98% on-time delivery rate.
- Team Leadership: Managed and motivated a team of 6–8 members, boosting productivity through coaching.
- KPI Monitoring: Tracked key metrics and prepared actionable reports for strategic decision-making.
- Cross-Functional Collaboration: Partnered with logistics, customer service, and finance teams to optimize workflows.
- Budget Management: Supported budget planning and cost control, ensuring efficiency.
- Technical Support: Resolved listing issues, IDPID creation, and system bugs in collaboration with tech teams.
- Vendor Management: Oversaw vendor communications, resolved disputes, and ensured smooth transactions.
- Training & Development: Delivered training for 150+ drivers and staff on SOPs, processes, and app usage.
- Customer Complaints: Achieved 98% closure within TAT by coordinating between customers and drivers.
- Quality Audits: Conducted audits for safety and process compliance, reporting non-conformities.
- Reporting & Analysis: Generated daily reports on vehicle usage and performance metrics.
- Project Support: Contributed to Bakala and Collection Point projects successfully.
- Team Support: Assisted other departments during peak workload periods.
- Proactive Version: Ensured compliance with health, safety, quality, and regulatory standards, reducing operational risks and improving workplace safety.
